Glass

Mazza Recycling is a client-centric operation providing exceptional waste collection, recycling, and disposal services in a cost effective safe manner while protecting and improving the environment in the communities we serve.

Mazza Recycling Services (Mazza) is a full service recycling and disposal company. Mazza's Tinton Falls, New Jersey 55 acre facility is considered a "One Stop Shop" by many of Mazza's customers. The facility boasts a 70,000 square foot Transfer Station and Material Recovery Facility (MRF) which houses the best available recyclable recovery equipment. Mazza's solar powered MRF extracts wood, concrete, shingles, plastic, cardboard, and scrap metal which are then recycled in Mazza's other recycling divisions.
